# Great Circles Cheer

Great circles from the bottom to the top. (Make large circles in front of you with both arms for the first four lines.)

Bottom to the top.

Bottom to the top.

Great circles from the bottom to the top.

Hop. Hop. Hop. (Do the hops. It's fun!)

Antarctic Circle (Finger ants crawl up opposite arm.)

Tropic of Capricorn (Make unicorn horn on head with hand.)

Equator (Form equals sign with parallel arms.)

Tropic of Cancer (Make crab pincher hands. You may need to explain at first that cancer is the crab constellation, but the kids will quickly learn to associate the two.)

Arctic Circle (Make boat — ark, get it? — with hands.)

And don't forget

The Prime Meridian (Make a 1 with your finger and take a big step to the side to show this line runs in the opposite direction of all the other lines.)
